DEDICATION

With a firmly rooted belief in the brotherhood of man and having as a goal a desire for fuller, richer relationships among the peoples of the world, we dedicate this yearbook to a more complete understanding of the differences in ideas and ideals between our Latin American counterparts and ourselves, which may gradually be achieved through the continuance of cultural and student exchange programs and by extending tolerance for the dissimilarities in our individual ways of life.

The Letchworth Central Chapter of the Future Homemakers of America is an organization of girls who are or will be studying homemaking in senior high school. The advisor is the high school homemaking teacher, Mrs. Jean Yauchzy, with the assistance of Mrs. Stanley Mason, Mrs. Delbert Johnson, Mrs. Dalton Carney, Mrs. Leslie Norton and Mrs. Arthur Goff as Chapter mothers.

The members chose for their goal the development of better understanding of their family members and contributing to their well being.

Their projects were initiation of new members, installation of officers, a get-acquainted program for the eighth grade girls and their mothers, teas for faculty members and staff, and providing opportunities for members to share in the F.H.A. organization.

Two of the service projects of the organization were: making favors for patients in the Wyoming County Community Hospital at Christmas, and making favors for patients at Mt. Morris Hospital for the month of February.

Each year the chapter has a crop demonstration to determine the use of new practices in farming. With the most promising team in many years Letchworth began the season with 3 wins in a row. Since the team will lose only three seniors, an exceptional season is also expected next year. This year Letchworth will be competing in the county as a B school. The total number of games won is the deciding factor between Letchworth and Warsaw competing in the B school sectionals.
